Sub: Recruitment of War Service Candidates to Govt. posts - Medical Departments

....

From the concessions granted to War Service Personnel, it is observed that no vacancies have been reserved for the Medical Officers who joined the Army from your State. Madras Government and other State Governments have reserved a good number of vacancies for such men and could similar action be taken by your State also?

3) In the G.O. of 24-2-43, it was ordered to fill up the vacancies in the cadre of Third class Asst. Surgeons & of Sub Asst. Surgeons, purely on a temporary basis so as to make these vacancies available for absorbing men with approved war service.

4) The senior surgeon is of opinion that it is not fair to terminate the services of such persons who were employed on a temporary basis but on the other hand he suggests that all future vacancies may be filled by candidates with war service

5) The file relating to the grant of certain concessions to officers returned from war service is separately under consideration.

6) Submit for orders whether further Communication from the S.S may perhaps be awaited.

Letter no GC 228-19 D 26/7/42 from the Surgeon submitting proposals for the absorption of war served medical officers.

W 18) In the G.O. D 31/10/42 Govt. sanctioned that 25% of the vacancies arising on or after 1st Oct'42 would be reserved for the absorption of the medical graduates after the year in the last class of the Asst. Surgeons. Previously there was III rd Grade Asst. Surgeons and it has now been classified as II grade only. Therefore it may be presumed that 25% of the 2nd grade Asst. Surgeons may perhaps be reserved for demobilised personnel.

19) The S.S reports that nearly eight officers who are temporarily promoted to the cadre of Asst. Surgeons and who have already put in 8 years of service have either to be reverted as medical probationers or some of them to be terminated in case the war served officers officers are to be employed direct as Asst. Surgeons. But as some of the temporary medical probationers who have rendered 2 to 3 years of service have been selected for India abroad the S.S. is of opinion that their services should not be terminated and at the same time recommends that the nine out of 13 medical graduates may be appointed on a pay of Rs 150/p.m. as super-

20) The reasons for the absorption of these officers have been clearly explained by the S.S. in para 5 of his letter.

21) As regards the absorption of the licentiates, it may be stated that the S.S & the C.H.O. there recently authorised to advertise in the leading papers both in respect and outside respect just to meet the contingency of the shortage of doctors and therefore it may be stated that the licentiates may safely be absorbed in the Civil appointments.

22) Further in para 2 of his letter, the S.S. has recommended that about five medical graduates released from army who have lien on their appointments in the Medical College & the School in the grade of Rs 80-10-120/ may be treated as belonging to Med. Dept & their pay fixed at Rs 150-10-250-20-450/. Perhaps the Registrar of the University may be consulted in this matter. P.U.D.

23) Subd. Orders are solicited on the following proposals.

1 (i) That the 5 officers belonging to the University, who are graduates in medicine to be treated as belonging to Med. Dept & their pay to be fixed in the senior grade.

24) Govt have in their order of 8th Dec 19 stated as follows:—

"There are reasons to believe that young men who are suitable for emergency commission may hesitate to apply for such appointments in view of the risk of their loosing permanently their chances of civil employment after the war is over. Govt consider it desirable to remove these misapprehensions & to take steps to ensure that persons who volunteer for service shd not be at a disadvantage in the matter of obtaining civil employment under Govt after the war as compared with those who did not enrol for war service".

25) In view of the assurance held out to the claims of the candidates who volunteered for war service regard to be given considered for civil employment in preference to those who did not volunteers

Govt also decided ~~in the~~ ~~Govt of~~ ~~Govt~~ ~~that~~ 20% of the vacancies in the lowest class of Asst Surgeons shd not be filled up permanently but reserved for the absorption of the war Medical graduates with war service

2(a) At the time this order was passed there were three grades of Asst Surgeons as noted in the margin. Subsequently the II & III grade of Asst Surgeons were merged into a combined grade of Rs 100-10-200. Numerary Asst Surgeons' placed below those who are now drawing such pay.

32) As regards the other 13 persons who held no civil employment before joining HM Forces & three of them have not yet returned. We do not propose the absorption of the remaining nine candidates as Supernumerary Asst Surgeons. This proposal means. The supernumerary of the existing medical grade probationers who are not yet promoted as Asst Surgeons. Three nine men may then be absorbed as medical probationers temporarily pending absorption. Other proposals are recommended in the G.S. re. increase of staff of the K.E. & Victoria Hospitals.

EDUCATION SECRETARY

Recruitment of war Service Candidate to govt. posts.

(3) that 13 ex-service medical graduates who have no lien in the department, may be appointed as Assistant Surgeons on a pay of Rs.150/- p.m. treating them as supernumerary and absorbed as and when vacancies occur in the cadre of Assistant Surgeons. (At present only nine candidates who have already been released from war service are proposed to be appointed immediately and the remaining three after release);

and (4) that the Medical Probationers who have already been entertained and are working may be allowed to continue unaffected by the proposal of recruitment of demobilised army personnel.

39) The proposals, in brief, could be classified under the following three categories:

1) Ex-service candidates who have lien in the department,

2) Ex-service men who have no lien in the department and are fresh recruits,

3) Medical Probationers in service.

40) The 1st proposal involves the setting up of a combined cadre of Assistant Surgeons for the Medical Department, Medical College and Medical School. This being a general question should be dealt with separately in consultation with the University authorities and the Financial Secretary to Government. In view of this, candidates under category (1) may be taken back to their respective places of demonstrators on which they have lien till the general question is decided by Government.

41) As regards candidates coming under category (2), it may be noted that 25% of the vacancies arising in the cadre of Assistant Surgeons, Class III (now Class II),

have been ordered to be reserved for employment of ex-service personnel. It is not known how many substantive vacancies have occurred in the cadre since the year 1942 and what the nature of classification of these vacancies in the ratio of 3 special to 1 general, is. In G.O.No. ~~2319-22/G.R.B.32-39-1 dated 6-10-39 it was directed that~~ the appointment of Medical Probationers be made in accordance with the communal proportion prescribed in the rules of recruitment. The Medical Probationers entertained on the above basis are eventually absorbed as Assistant Surgeons, thereby maintaining the ratio throughout as far as possible. If the ex-service candidates are to be absorbed direct in the ~~cadre of Assistant Surgeons, it is necessary that such~~ absorption should also be made strictly in accordance with the prescribed ratio. It is seen from the statement furnished by the Senior Surgeon that of the 13 candidates only two belong to Backward communities and the remaining 11 are Brahmins. If all these candidates are appointed disregarding the communal proportion it will adversely affect the ~~Backward community representation in the cadre and the object~~ of giving fair and adequate representation to all communities in the public service will thereby be frustrated.

(ii) ~~Secondly, it is stated that 8 permanent vacancies in the~~ cadre of Assistant Surgeons, Class II, have occurred. Presuming that only these vacancies have occurred since 1942, only two posts should be reserved for ex-service men and the remaining 6 posts filled up by absorbing medical probationers on the basis of classification.

43) Thirdly, it is not desirable to entertain all the ex-service men in unreserved vacancies even on supernumerary basis. In G.O. No.W.607-676/46 dated 3-12-46 it was directed that vacancies arising on and after 1-11-46 need not be

reserved for ex-service people. Medical probationers who were entertained regularly should be absorbed in the remaining 75% of the substantive vacancies but care -- should be taken to see that the Medical Probationers and ex-service men are so absorbed that the communal proportion is maintained as far as could be possible. Owing to the dearth of Backward community Medical graduates, more Brahmin candidates were inevitably entertained as Medical Probationers by Government. In view of this, all the available Backward community candidates (including ex-service candidates) should first be entertained for eventual absorption as Assistant Surgeons in order to rectify the present communal inequality. 12 applications have since been received from Backward community Medical graduates for appointment as Medical Probationers as detailed in the enclosed statement. The existing and future vacancies in the Medical Department should be filled up by entertaining only Backward community candidates. In this connection, I invite reference to the following:-

1) This office U.O.Note No.72/43-44 dated 20-12-43.

2) This office letter No.5909/PSC dated 3-5-46 to the Education Secretary to Government.

3) Minutes of the then Minister for Public Health and Local Self-Government; para 150 of the notes in Medical collection No.17-43-13-47. "AS regards compensation, the question may be considered when Backward community candidates become available". The entertainment of Brahmin ex-service or fresh Medical graduates should, therefore, be deferred till the communal proportion is fairly equalised.

(4) The candidates should be entertained or absorbed taking into account the present sanctioned strength

Recruitment of war service candidates to Subordinate Service.

both permanent and temporary. The question of entertaining more candidates may be taken up after the additional staff required by the Senior Surgeon is sanctioned by Government.

45) For the foregoing reasons, only 25% of the existing substantive vacancies which occurred prior to 1-11-46 may be filled up by employing ex-service men, only Backward community candidates being entertained in special vacancies. ~~Accordingly, only 2 out of 8 permanent vacancies~~ may be filled up by entertaining ex-service men. Even if one of the two vacancies happens to be a general one by classification, it is necessary that both should be filled up by entertaining only the available two Backward community ex-service candidates in preference to Brahmin candidates by way of compensation. ~~In the remaining 6 vacancies, medical probationers may be absorbed.~~

46) If additional appointments on supernumerary basis are necessary on account of increase of work and the deputation of some Medical Probationers for higher studies overseas the existing Medical Probationers may be promoted as Assistant Surgeons, Class II, treating them as supernumerary till the extra staff is regularly sanctioned by Government and in the released vacancies only the Backward community candidates referred to above appointed as Medical Probationers. In no circumstances, should Brahmin candidates (including ex-service men) be entertained till the necessary compensation claimed in this office letter dated 3-5-1946 is given.

47) In the circumstances, the proposal to appoint all the 11 Brahmin ex-service men in the existing vacancies even on supernumerary basis is not in accordance with rules and

10) The question of recruitment of medical graduates to the Departments of Medical and Public Health from among the applicants and from among those who served during the last war was discussed by the Minister with the marginally noted officers on Thursday the 15th January 1948 and the following understanding was arrived at on each of the subjects:--

1) Absorption of ex-service personnel.

Out of the 13 persons in the list furnished by the Senior Surgeon, two people ~~who~~ have already been appointed as Health Probationers, one is a Madrasi who is not ordinerily eligible for appointment in Mysore service and four others ~~have~~ passed the M.B.B.S. examination about ten years back. Barring these, there will be only four brahmin candidates (Sls.6,7,8 & 12) to be absorbed. Two of these may be absorbed in the Medical Department and two in the Public Health Department. The remaining two are members of the backward community.

2) Absorption of the demonstrators of the Medical School who have rendered war service in the Medical Department as Assistant Surgeons.

The cases of these five Demonstrators may be considered in consultation with the University, as it would involve financial and administrative implications and also has to be considered with reference to the grades of Lecturers and Assistant Professors in the University.

3) Selection of candidates from among the applications.

Applications already received by the Public Service Commissioner, Senior Surgeon and Director of Public Health may be gone into by a selection Committee and after interviewing the applicants if found necessary selections may be made. The selection Committee is to consist of the Public Service Commissioner, the Senior Surgeon and the Directror of Public Health, the Public

96) The Senior Surgeon states that there are 6 ~~places of~~ Permanent vacancies and 15 temporary vacancies lasting from 6 to 24 months in the cadre of Assistant Surgeons and that it is immediately necessary to fill up these places to meet the growing demand made from different quarters. He also states that the Probationers who will be appointed against the ~~15 temporary~~ vacancies will not normally be thrown out of employment but will continue in leave or ~~deficits~~ deputation vacancies and will eventually be absorbed in the retirement vacancies or in appointments to be created under Expansion Schemes. The Director of Public Health wants sixteen Medical Graduates as Health Probationers to push through the various health schemes which are under considera tion for sanction. Many of the hospitals are working short-handed. In response to applications invited for the post of Medical Probationers persons mentioned in the list appended applied for the posts. Of these twenty-one persons have to be selected for the Medical Department and a suitable number for the Public Health Department. While making the selection, the claims of war-returned candidates, and Lecturers of the Medical School who also have seen war service, will have to be considered along with those who are seeking service newly. The Committee appointed for selecting Medical Probationers consisting of the Senior Surgeon, the Director of Public Health and the Public Service Commissioner, selected ten persons as under -

(a) <u>From the ex-Service Personnel</u> .-

(1) Captain C.R. Rangoji Rao	(Darzi)
(2) Major V.B. Naidu	(Telugu Balija)
(3) Captain Narasimha Murthy	(Brahmin)
(4) Captain Narayanaswamy	(Brahmin)

(b) <u>From others</u> -

(5) Felix ~~His~~ Misquith	(Indian Xian)
(6) M.Shankarappa	(Vokkaligar)
(7) P.R.Laxmipathy	(Ganigar)
(8) Y.Rajasekhara	(Lingayet)
(9) M.H. Reddy	(Vokkaligar)
(10) E.S.Gurushantappa	(Lingayet)

98) Dr. Syed Mahboob who has 12 years service to his credit, and who was formerly an L.M.P., and has now passed M.B.B.S.,

The Council have already approved the appointment of Dr Syed Mahboob who has 12 years service to his credit & who was formerly an I.M.S officer who has served previous M.D.Bs as a Medical Probationer, as in the case of four of his colleagues!

examination, ~~is also recommended to~~ be appointed as Medical Probationers as was the case with four of his collegues in the Medical Department - vide Government Order No.3084-1 dated 29th May 1947. They are Messrs. B.S.Venkataramа Setty, Hanumaiah, Kantharaju and Rama Rao.

99) There are four persons who have been working as Lecturers in the University Medical School, Bangalore, for a period ranging from 8 to 12 years. These volunteered as Emergency Commissioned Officers in the Indian Medical Service and served as specialists in different branches of medicine . They are:-

(11)	Captain	T.L. Ramakrishna Rao	(Brahmin)
(12)	"	B.K. Ramanna	(")
(13)	"	D.Krishnamurthy	(")
(14)	"	B.R.Shama Rao	(")

100) In filling up the vacancies, preference will have to be given to ~~Dr.Syed Mahboob and~~ the four lecturers in the University Medical School for being appointed first as Medical Probationers on account of the fact that they have already put in 10 to 12 years service ~~and they~~ have accordingly to be placed above the other probationers to be now selected. For the remaining vacancies seventeen non-brahmins are available and the rest have to be filled up from amongst the brahmins. This would militate against the prescribed communal ratio of 1 Brahmin to 3 non-brahmins. As already 4 brahmins, who are working as Lecturers in the University Medical School have been proposed to be taken as Medical Probationers as stated above, and as some more brahmins are proposed to be taken as indicated below, for want of backward community candidates, it is proposed to appoint next these seventeen non-brahmins as Probationers, and this is considered as a sort of recompense for the same. In the remaining vacancies preference has to be shown to war returned personnel. There are 13 such persons, out of whom 2 are already appointed as Health Probationers and 2 come under the 17 non-brahmins mentioned above and 1 is a Madrasee. The remaining 8 persons who are brahmins will have to be given preference, since promises have been held out to the war returned personnel saying they will be given some preference and they may be appointed as probationers.

101) The 16 Health Probationers are required only when the Krishnarajanagar Taluk Health Scheme and the Scheme of Establishing 80 Health Units in the Malnad during 1948-49 are sanctioned. For the present it will be

enough if we take only 9 Health Probationers, the remaining may be selected after the Medical College results are announced. And these 9 are included in the selection made above, which comprises 5 service personnel, all the non-brahmin candidates available and all the war-returned personnel and this is expected to give immediate satisfaction to all those who have claims for preferential treatment and it will also meet the immediate demand fm of the Medical and Public Health Departments.

102) Out of the 30 persons thus selected, 21 may be allotted to the Medical Department and 9 to the Public Health Department as noted below. In fixing the rank among the war-returned personnel and among the non-brahmins their age is taken into consideration. All these persons will be appointed as Probationers on a temporary basis and they will be absorbed as and when vacancies arise.

They cannot be appointed as Asst Surgeons straight away in preference to the Medical probationers in Service who have to be absorbed as Asst Surgeons in view of their Service in the Dept. Besides the people selected have to be treated as probationers in temporary vacancies, most of the vacancies against which they are going to be taken are temporary ones. Secondly the ranking of these persons selected vis à vis the distribution between the Medical & Public Health Depts have also to be settled. The probationary Asst Surgeons in the Med Dept get Rs 100/- & those posted to Health Dept get a starting pay of Rs 150/-. Even in respect of Health Dept the people selected should be treated as temporary probationers, subject to the creation of posts & the proposed scheme of opening Health Units

Final note by the Minister for Public Health and Excise.

SUBJECT: Appointment of Medical and Health Probationers

135) The Senior Surgeon reports that there are six permanent vacancies and fifteen temporary vacancies lasting from six to twenty-four months in the cadre of Assistant Surgeons and that it is immediately necessary to fill up these places to meet the growing demand made from different quarters. He further states that the probationers who will be appointed against the vacancies will not normally be thrown out of employment but will continue in leave or deputation vacancies and eventually be absorbed in the retirement vacancies or in appointments to be created under Expansion Schemes. The Director of Public Health reports that he wants sixteen Medical Graduates as Health Probationers to push through the various health schemes which are under consideration for sanction.

A Committee was appointed for selection of medical probationers with the direction that while making the selection, the claims of war-returned candidates and of Lecturers of the Medical School who have rendered war service, be considered along with those who are seeking service newly and the said Committee selected the following persons:

a) From the Ex-service Personnel

1 Captain C.B.Rangoji Rao
2 Major V.B.Naidu
3 Captain Narasimhamurthy
4 Captain Narayanaswamy.

b) From others

1 Sri Felix Misquith
2 Sri M. Shankarappa
3 Sri P.R.Lakshmipathy
4 Sri Y. Rajasekhara
5 Sri M.H.Reddy
and 6 Sri E.S.Gurushanthappa.

.....

In view of the large number of vacancies existing in the Medical Department and of the fact that medical graduates would be required for the Health Department in connection with the opening of Health Units in the three Malnad Districts, the matter was considered in Council and the following resolution was recorded:-

"Council agrees to the appointment of the following twenty-two persons as Assistant Surgeons, their seniority being decided by the Minister for Public Health and Excise in consultation with the Revenue and Finance Ministers:-

1 Captain C.R.Rangoji Rao
2 Major V.B.Naidu
3 Captain Narasimhamurthy
4 Captain Narayanaswamy
5 Sri M.H.Reddy
6 Sri M. Shankarappa
7 Sri T.R.Murugendrappa
8 Sri Y.Rajasekhara
9 Sri E.S.Gurushantappa
10 Sri G.A. Indrakumar
11 Sri P.R.Lakshmipathy
12 Sri H.P. Padmanabhan
13 Sri V.Sanjeeva Rao
14 Janab Nasrulla Khan Ghori
15 Janab Mohamed Habibullah
16 Janab S.M.H. Hasan

18 Sri George Stevens
19 Captain T.L. Ramakrishna Rao
20 Sri B.K.Ramanna
21 Sri D.Krishnamurthy
22 Sri B.R.Shama Rao."

...

s there are already sixteen medical probationers in service

to be absorbed as Assistant Surgeons, it is proposed to appoint the persons named above as Probationers on a temporary basis allocating them both to the Medical and Public Health Departments and ranking them according to the year of passing the M.B.B.S. examination and retaining communal ratio as follows:-

	Medical Department		Public Health Department
1	Sri George Stevens	(15) 1	Sri H.P.Padmanabhan
(2) 2	Major V.B.Naidu	2	Sri G.A.Indrakumar
(3) 3	Captain C.R.Rangoji Rao	3	Sri Felix Misquith

Sir,

Sub: Recruitment of War Service candidates to Government posts in the Medical Department.

With reference to your letter No.M.9135/Med.149-46-2 dated the 10th February 1947 on the above subject, I have the honour to state that although no vacancies have been specifically reserved for appointing candidates with war service, all vacancies which occured in the cadre of III Class Assistant Surgeons (II Class Assistant Surgeons according to revised scale) subsequent to 24th February 1943 have, in accordance with the instructions issued in Government Order No.G.10081-96/Med.54-41-28 dated 24-2-1943, been filled up only on a temporary basis so that vacancies may be available for absorbing medical men with approved war service, taking into consideration (1) the period spent on war service (2) report on the officer's work in the Defence Department and (3) the candidate's suitability for civil employment.

The question relating to the concessions to be granted to such of those who had no lien on any civil appointment and who volunteered for war service was considered in 1945 and I proposed that the rules prescribed by the Government of Bombay which are suitable may be adopted (vide my unofficial Note No.G.C.228-9 dated 13-8-1945). It was, however, directed in your letter No.M.2828/Med. dated 1st October 1945 that the proposals may lie over.

As a few officers with war service have now applied for posts in the Medical Department, I am of opinion that the position relating to the recruitment of the demobilised medical personnel may be considered afresh. In consideration of the fact that the officers recruited to the Medical Department during the war time have also rendered satisfactory service even though they were recruited on a comparatively low pay and continued on a temporary basis, I feel that it is not desirable to terminate their services at this juncture. The candidates who have been released from Army Service, however, deserve special consideration and priority in the matter of recruitment to civil service. I am, therefore, of opinion that all future vacancies be filled up only by appointing candidates with war service to their credit.

I am submitting a separate communicationfurnishing details of the officers who have so far sent their applications for posts in civil employ arranged in the order of priority.

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon.

GOVERNMENT OF MYSORE

OFFICE OF
The Senior Surgeon with the Government of
Mysore, Bangalore.

C. 228-19
Encls. one.

Date 26.7.47.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Education Department, Bangalore.

Sir,

Sub.- Recruitment of War Service candidates to Government posts in the Medical Department.

1) With reference to your letter No.M.13547/Med.149-46-4 dated the 14th May 1947, on the above subject, I have the honour to state that in 1941, Government ordered that the persons volunterring for War Service should not be at a disadvantage in the matter of civil employment under Government after the War as compared with those who did not enrol for War Service (vide Government Order No.W.1130-1172/W.124-40-3 dated 8th December 1941). In their order dated the 31st October 1942, Government directed that 25% of the vacancies arising in the cadre of Assistant Surgeons III Class (now II Class) be reserved for the absorption after the War, of Medical Graduates with approved war service. In February 1943, the position was again reviewed and Government directed that all vacancies arising in future in the cadre of III Class Assistant Surgeons be filled up temporarily so that vacancies may be available for absorbing Medical men with approved war service. Action was accordingly taken in the matter of filling up the vacancies both in the cadre of Assistant Surgeons and Sub Assistant Surgeons. Promotions from the cadre of Medical Probationers as Assistant Surgeons and the recruitment of new Medical Graduates as Medical Probationers have been ordered only on a temporary basis, since October 1942. The eight permanent vacancies that occured in the cadre of Assistant Surgeons were filled up by promoting the marginally noted officers on a temporary basis (vide Government Order No.M. 8295-7/Med.227-45-4 dated the 25th January 1947). These officers have already put in nearly 8 years service in the Department and are still borne as temporary Assistant Surgeons. If the permanent vacancies are utilised for the appointment of Medical Graduates released from Army Service, as Assistant Surgeons direct, these eight officers and some more junior to them will have to be reverted as Medical Probationers and the services of the juniormost amongst the Medical Probationers terminated.

1. Mr. Charles D'Souza
2. " K.G. Heblikar
3. " B.S. Ramanna
4. " T.S. Jairam
5. " K.S. Krishnaswami
6. " S.T.Puttanna
7. " S. Srinivasan
8. " K.S. George.

2) Of the Medical Graduates demobilised from Army Service and who have so far sent their applications for employment in the Mysore Medical Department, the marginally noted officers have a lien on their appointments in the University Medical College and the Medical School, as Demonstrators. Their request is for absorption as Assistant Surgeons in the Medical Department. They have not only served in the University for long periods but have also rendered approved war service and their request for absorption in the cadre of Assistant Surgeons deserves consideration. They are now in the grade of Rs.80-10-120 a scale which correspond to the pay of III Class Assistant Surgeons (old grade) in the Medical Department. This scale has since been revised and fixed at Rs.150-10-250-20-450. I am of opinion that the five appointments now held by this personnel may be treated as belonging to the Medical Department and

1. Mr.K.Somasundaram Iyer ..	Demonstrator in Physiology Medical College, Mysore.
2. " T.L.Ramakrishna Rao ..	Demonstrator in Anatomy, Medical School, Bangalore.
3. " B.R,Shama Rao ..	-do-
4. " D.Krishnamurthy ..	Demonstrator in Physiology Medical School, Bangalore
5. " B.K. Ramanna ..	Demonstrator in Pathology, Medical School, Bangalore

and their pay fixed at Rs.150-10-250-20-450 so that it would be possible not only to absorb them in the Medical Department but to admit interchange of officers from the Medical Department to the University or vice versa as and when necessary. Such an arrangement is already in vogue in respect of the appointments of Lecturers in the Medical College, Mysore and the same procedure may be followed in the case of the Medical School also. If this proposal is approved, the number of posts in the cadre of Assistant Surgeons will have to be increased by five. It does not, however, involve any additional cost to the Medical Department as their pay is borne by the University. It does not also involve supersession of any of the Assistant Surgeons of this Department.

3) There are 13 medical graduates who did not hold an appointment in this Department prior to their employment in the Emergency Commission and they have since been released from Army Service. A statement furnishing their names and other details in respect of these 13 persons is herewith submitted. Except Mr.G.V. Chandrasekhara Iyer (Sl.No.13), all of them qualified from the Mysore University and are Mysoreans. In view of the approved war service rendered by them, their request for absorption in the Medical Department seems reasonable. As explained in para 1 above, if these 13 medical graduates are entertained in the Medical Department as Assistant Surgeons, it would be necessary to revert 13 temporary Assistant Surgeons (juniormost) as Medical Probationers and to terminate the services of 13 Medical Probationers, some of whom have already been selected for higher studies abroad and who are expected to leave India shortly. I feel that it is desirable to terminate the services of these temporary Medical Probationers who have already rendered 2 to 3 years service during the difficult days of stress and unfavourable economic conditions. I, therefore, propose that the present personnel of the Department may be allowed to continue unaffected by the proposal of recruitment of demobilised army personnel.

4) As regards the entertainment of the 13 Medical Graduates with War Service, as detailed in the enclosed statement, I recommend that they be appointed as Assistant Surgeons on a pay of Rs.150/- per mensem on supernumerary basis and be absorbed as and when vacancies occur in the cadre of Assistant Surgeons later. Till these supernumerary officers are absorbed, vacancies either permanent or temporary, occuring in the cadre of Assistant Surgeons will not be available for promotion of other officers or for recruitment of new Medical Graduates. Of these 13, the question of employing Messrs.G.R.Rangoji Rao, B.S. Nagaraj and B.S.Narayanaswamy, who are not yet released from war service and of Mr.G.V.Chandrasekhara Iyer who is a Graduate of the Madras University may be considered later when vacancies actually occur. The remaining nine demobilised officers may be appointed immediately as supernumerary Assistant Surgeons.

5) The appointment of these officers as supernumerary is called for not merely with a view to provide employment to the demobilised personnel but also to provide adequate medical staff to the Victoria and Krishnarajendra Hospitals. In this connection, it should be mentioned that the work in these two hospitals has enormously increased in recent years both in view of the fact that they are teaching institutions attached to the University and various special departments such as Radiology, Pathology, Dental, Venereal, Ophthalmic (Krishnarajendra Hospital) and Ear, Nose and Throat have been added as annexe and for which additional hands have not been provided. The staff (Surgeons and Assistant Surgeons) sanctioned for these two hospitals has remained almost the same as in 1919 except for the 3 appointments of III Class Assistant Surgeons sanctioned in 1939 and 1940 (vide Government Orders Nos.G.4928-30/Med.325-38-10 dated 30-11-1939 and G.4614-16/Med.99-40-2 dated 26-11-1940). It is obvious that even with the enormous increase in the quality and quantity of work turned out in these two major medical institutions with special departments, there has been no corresponding increase in the number of officers sanctioned to them. To cope with the increased work, it is necessary to increase the staff immediately. During their recent visit (2nd June 1947) to the Krishnarajendra Hospital, Mysore, the All India Medical Council observed that the Krishnarajendra Hospital is very much understaffed and that Sub Assistant Surgeons should not be posted for duty in that hospital where students for the M.B.B.S. Degree undergo training. The Medical Officer, Krishnarajendra Hospital has studied the requirements of his hospital and sent proposals for the appointment of 15 more Assistant Surgeons to facilitate work in the wards and the out-patient departments. I dare say the situation in the Victoria Hospital is prac-

practically the same. I shall submit seperate proposals for increasing the staff of these two hospitals in consultation with the Durbar Surgeon and Medical Officer, Victoria Hospital, Bangalore. Pending sanction to the additional staff, for these hospitals, I request early sanction to the appointment of the demobilised personnel referred to in para 4 supra, on a supernumerary basis.

6) So far as Licentiates are concerned, no difficulty is experienced as sufficient number of vacancies are still available and all the ex-servicemen can be absorbed without dislodging the temporary Licentiates recruited to the Department during the period of war. In fact all the ex-service L.M.Ps. who have so far applied for posts have already been absorbed. In the recent advertisement published in newspapers (vide your letter No.M.678-9/Med.202-46-6 dated 15th July 1947) calling for applications for the posts of Sub Assistant Surgeons, it has been clearly stated that licentiates with war service to their credit will be preferred. I feel that such of the Licentiates as are still unemployed will take advantage of this Notification and seek employment in the Mysore Medical Department.

I have the honour to be,
Sir,
Your most obedient servant,

SENIOR SURGEON.

Sir,

The above officer, who is an applicant for a post in the Medical Department on his release from the Indian Army, has served under my command for the last eight months.

Professionally he has shown himself to be very hard-working and enthusiastic. Dealing entirely with wounded and disabled ex-servicemen, many of whom are mentally abnormal, has required tact and sympathy, combined when necessary with firmness. Captain Rangoji Rao has these qualities in full measure.

He is a character that grows on one. He is trusted by the men and respected by his brother officers.

Most loyal, hard-working and capable, I strongly recommend him for your consideration with confidence.

To

The Director of Public Health,
Government of MYSORE, Bangalore.

Sir,

I beg to introduce myself as having graduated from the Medical College, Mysore, in the year 1941, immediately after which I served as a house surgeon in the Krishnarajendra Hospital, Mysore, for about a year and a quarter; then I took up a commission in the Indian Medical Service/ Indian Army Medical Corps and served as a Captain therein as a Regimental medical officer and various other capacities for about four years (including about two years overseas service in Italy and Greece and a visit to the United Kingdom). In July last year I was released from the army after my term was completed.

I am a mysorean by birth and domicile and have always cherished an ambition to serve the Mysore State in general and the Health Department in particular.

I hear that a number of vacancies in the Health Department are being filled up by from among the war returned Candidates available and I very respectfully request you to kindly consider this as my application for getting fixed up in one of the above vacancies and kindly pass favourable orders regarding the same.

I have attached herewith copies of some testimonials- both civil and military-for your kind perusal.

Expecting your kind reply and favourable orders.

I am,
Yours faithfully,

MYSORE.

Sub:- Absorption of Medical Graduates with Approved War Service as Assistant Surgeons.

Sir,

In continuation of our memoranda dated 8th November, 1947, 9th December, 1947 and 1st May, 1948 submitted to the Minister for Medicine and Public Health, We may be permitted to bring to your kind notice the following facts for your consideration and speedy decision:

Minister for Public Health u/c
12/5

1. Serving as Demonstrators at the University Medical School, Bangalore, for many years ranging between 8 to 12 years.

2. Volunteered as Emergency Commissioned Officers in the Indian Medical Service and served as Specialists in different branches of medicine.

According to the G.O. mentioned above, "All vacancies arising in future will be filled up temporarily so that the vacancies may be available for absorbing medical men with approved war service."

4. As per Mysore Civil List of 1st January, 1948, places from No.29 to No.54 in the Cadre of Assistant Surgeons are shown as "vacant", obviously with a view to absorb medical graduates with war service.

5. In spite of the repeated assurances granting concessions

and the availability of vacancies (twenty six in all, specifically reserved for this purpose), it is submitted, that the implementation of the orders published in 1942 and 1943 is being delayed though repeated representations to the proper authorities were made from time to time.

6. This delay has seriously handicapped not only the Mysore Medical Graduates who volunteered for War Service but also has deprived the general public of the services of well trained specialist Medical Officers with extensive experience in various branches ofMedicine.

7. We invite your kind attention to the fact that all other Governments, both Provincial and Central have strictly adhered to their promises and implemented their orders, irrespective of Communal Considerations etc., concerning the resettlement of Medical Men with War Service as per details submitted in our memorandum dated 1st May, 1948 to the Minister for Public Health.

In this connection we are only asking for justice, fair-play and the early implementation of the Government Orders on the subject. Having continued to serve loyally the Government of Mysore for many years we do not wish to give up service until all reasonable representations have failed to bear fruit.

We request you therefore, Sir, to favourably consider our representations, decide on the merits of the case and thus enable us to serve the State as Assistant Surgeons.

Copies attached: a) G.O.No.G.10081-96-Med.54-41-28 dated 24th February, 1943.

b) Memorandum dated 1st May, 1948 submitted n to the Minister for Medicine and Public Health.

LAW SECRETARIAT.

Directs the grant of certain further concessions to Medical Men joining emergency War Service.

Read--

The following Government Orders granting certain concessions to Mysore Medical graduates who enlist themselves as Emergency Commissioned Officers in the Indian Medical Service:-

G.O. No. W. 1103-1172-W.124-40-3, dated 8th December, 1941.

G.O. No. W. 1313-85-W.138-40-2, dated 29th December, 1941.

G.O. No. G. 5433-48-Med.54-41-22, dated 31st October, 1942.

Order No. G. 10081-96-Med.54-41-28, DATED BANGALORE, THE 24TH FEBRUARY, 1943.

With a view to encouraging medical men to enlist themselves as emergency commissioned officers in larger numbers, Government are pleased to direct that the concessions already granted in the Government Orders read above be further liberalised as follows:-

All vacancies arising in future in the cadre of 3rd class Assistant Surgeons, and of Sub-Assistant Surgeons will be filled up temporarily so that vacancies may be available for absorbing medical men with approved war service, taking into considerations the following factors:-

(i) The period which an officer has spent on service in the Defence Department.

(ii) The reports on the officer's work in the Defence Department.

(iii) The Officer's suitability for civil employment.

Government trust that the medical men will take advantage of these increased facilities and enlist themselves in increasing numbers.

C. NARAYANASWAMY NAIDU,
Secretary to Government,
Law Department.

MEMORANDUM.

Bangalore,
Dated 1st May, 1948.

To

The Minister for Medicine and Public Health
with the Government of Mysore,
B A N G A L O R E.

Submitted

1. Captain T.L. Ramakrishna Rao, B.A.,M.B.B.S.,
2. Captain B.K. Ramanna, B.Sc.,M.B.B.S.,
3. Captain D.Krishna Murthy, M.B.B.S.,
4. Captain B.R. Shama Rao, M.B.B.S.

In continuation of our memoranda submitted to you on 8-11-47 & 9.12.47 we may be permitted to bring to your kind notice the various concessions that the Central and other Provincial Governments have granted to War-service candidates, both Technical and non-technical, regarding resettlement in Civil life.

Following are the edtracts from the notifications etc., which have appeared in the press from time to time.

1. "Employment and training facilities" for demobilised medical personnel (New Delhi dated 25th December, 1947 as published in the Indian Express dated 26th December, 1947). According to this notification, the War Service candidates are given assistance in securing suitable employment and in arranging appropriate training in Medical and allied subjects. They have been granted several concessions in such matters as increased grades, counting of War-service towards increments, reservation of Vacancies etc., in various Provinces and States, through the respective Employment Bureau.

2."Appointment of Health Officers"in Madras Public Health Service-deliberations in the Madras Legislative Assembly during question Time for(Madras 10-12-47 as published in Hindu dated 11-12-47). The Hon. Minister for Health with the Government of Madras replying to a question said that

according to the G.O. selection of War returned candidates was not made on "communal" considerations. The Minister upheld the selection of War-service candidates in preference to other Medical Graduates, with Health qualifications, who were not 'War-service' candidates.

3. "Antedating the appointments" in the Indian Police Service, Madras (Madras 7-2-48 as appeared in the Indian Express dated 8-2-48). Three Officers with War-service were recruited and their appointments were several years antedated and given seniority from that date in the I.P.S.,

4. "Recruitment of War-service personnel" to Madras Public Health Service (Madras dated 20-4-48 as published in the Indian Express of 21-4-48). The recruitment rules of 1945 for War-service personnel: "All substantive vacancies in the cadre of 1st Class and 2nd Class Health Officers were reserved for War-service candidates."

5. "B.A.(War Degree)" - Order dated 2nd May, '47 appearing in the Indian Express dated 24-4-48. The Madras Government directs that for purposes of appointment of War-service candidates to Vacancies reserved for them and also to 'non-reserved' vacancies the B.A.(War Degree) of University of Madras should be regarded as equivalent to the B.A. Degree of a University of the Province.

We invite your kind attention to the fact that other Governments have strictly adhered to their promises as set forth in their various Government Orders.

According to G.O.No.10081-96-Med.54-41-28 dated Bangalore 24th February, 1943 by the Government of Mysore: "All vacancies arising in future will be filled up temporarily so that the vacancies may be available for absorbing Medical men with approved War-service." As per Mysore Civil list of 1st January, 1948 in the cadre of Assistant Surgeons places from No. 29 to No. 54 are shown as vacant.

Inspite of the repeated assurances granting concessions and the availability of vacancies, it is submitted, that the implementation of the orders published in 1942 and 1943 is being delayed

It is requested, Sir, to favourably consider our representations, and implement the orders at an early date.

The applications of B.S.Narayanaswamy and M.S.Narasimha Murthy have been sent to Government with the Proceedings.

In view of their past service in the department as well as th ser vices rendered in the war, they also deserve to be included ad be appointed as AssistantSurgeons in the Medical Department, seconded to the cadre, and allowed to be continued as Lecturers till th S. is closed down.

III. Dr. Syed Mahboob who has 12 years service to his credi who was formerly an L.M.P., and has now passed M.B.B.S. examin is also recommended to be appointed as Assistant Surgeon, as i case with four of his colleagues in the Medical Departmet - Government Order No.3084-1 dated 29th May 1947, ~~who~~ are Messrs VenkataramaSetty, Hanumaiah, Kantharaju and Rama Rao.

Besides the above fifteen persons, twenty-three are requ make up the total number. Against this number, ~~four~~ non-Brahmins available and the rest have to be filled up from amongst Bra But as this would militate against the prescribed communal ar one Brahmin to three non-Brahmins, and as this would have to be adhered to as far as possible, I propose that the list of non-Br in the attached list should be grouped into five sets, and each should consist of ~~three~~ two Brahmins and ~~one~~ two non-Brahmins. By doi the ratio referred to above would be kept up and the administr difficulty in this behalf would be obviated as far as possibl ject to the above, all the others may be appointed from among Brahmins on a temporary basis to be replaced as and when non-Br are forthcoming.
